

SB, Exercise 10 p. 101

An article for a newspaper.

After the winter there was a lot of rubbish on the beach at the north coast. Last Saturday some Greenwork members went to Hillthorpe. They wanted to clean the beach there. The members took the rubbish into town. They put the rubbish on a table in High Street. They had bottles, newspapers, old radios and bags. A lot of people came to buy books and magazines. The members sold posters and T-shirts. The people drank coffee or tea and ate biscuits. The members met the mayor of Hillthorpe, Mr Carter, and gave him a poster of the beach rubbish.
